

48214 COVID-19 Volunteers

Protocol:

- DOs:
 - ❑ All volunteers must wash their hands and/or use appropriate hand sanitizer in order to participate.
 - After leaving a public space, you must wash your hands for at least 20 seconds, or until hand sanitizer containing at least 60% alcohol has completely dried.
 - You must wash your hands after ringing the doorbell.
 - We highly recommend that you wash your hands before you eat.
 - ❑ Distance yourself 6 feet away from individuals while serving in the community
 - ❑ If grocery shopping, only purchase the items on the grocery list. If a brand is not specified, purchase an option that is both healthy and economical.
 - ❑ If you are picking up a prescription, make sure the individual in need calls their pharmacy to give permission for you to pick it up on their behalf. Please also make sure that the individual provides payment over the phone.
 - ❑ Encourage individuals to utilize any assistance services that they already qualify for, and provide them 48214Forward's list of resources.
 - ❑ Encourage individuals to wash their produce before consuming.
- DO NOTs:
 - ❑ Do not assemble in groups of 10 or larger when volunteering.
 - ❑ You may not enter the home of the individual. You must drop off the supplies at the doorstep and ring the doorbell.
 - ❑ Avoid touching your eyes, mouth, or nose with unclean hands.
 - ❑ If you are sick, stay home and do not volunteer.
